

May 14, 2022

Dear Community Benefactors and Business Leaders;

The Thomas P. O'Sullivan IV Foundation will return again this year for its **14th Annual Tom O'Sullivan Memorial Golf Classic on Friday, October 14th, 2022**. We loved seeing all of our wonderful sponsors, golfers & volunteers last year when we were able to resume our event & continue with our mission to provide support and funding for break-through colorectal cancer medical research and community education for prevention and early detection of this disease. Unlike many other foundations, all of our funds are distributed within our own community.

The Foundation has selected a research based project at the University of Kansas Cancer Center to fund this year. Researchers there have explained that the colon is filled with around 40 trillion bacteria that produce a variety of substances. One study they would like to focus on is looking at the effect of products produced by good bacteria and comparing them to those produced by pathogenic (bad) bacteria. This is especially important because studies have shown that in patients with colon cancer, there is an increase in certain not so good bacteria in the gut.

We need charitable-minded sponsors to help raise the much-needed funds that we hope to draw through our 14th Annual Tom O'Sullivan Golf Classic. The attachment provides information regarding the various levels of support. Your charitable contributions will help us meet our goals of helping children and saving lives of fellow Kansas Citians.

On behalf of the O'Sullivan Board of Directors, thank you for your consideration of our request. Please read about the on-going cutting-edge clinical trials and past successes located on our website www.tomosullivanfoundation.org

In Gratitude,

Doug Sharp
Board President
